Here admin can create new users for the Al Jabr Accounting Software

Start Date & End Date = the duration of subscription of the user

NOTE: Need to align Start Date & End Date part correctly.

5. USER VIEW (USERS)

Here the admin can see all the existing users in the Al Jabr Accounting Software

Change “Search Customers By” to “Search Users By”

Search Users By, From Date, To Date, Search, Refresh, Export, Save, Print, Exit all functions same as the software (check the Al Jabr PDF)

Columns needed for users list:

- 1. Company Name
- 2. Username
- 3. Phone
- 4. End Date

When the admin clicks on “OPEN” under the SETTINGS column > then open the user settings page

In the End Date Column > The users whose account is ending in 30 days show them in RED COLOR (BOLD) ONLY UNDER THE “END DATE” COLUMN.

6. USER SETTINGS

The screenshot shows the 'User Settings' form in the Al-Jabr Admin Panel. The form is titled 'User Settings' and has a close button (X) in the top right corner. It contains a table of user details with edit icons (pencil) for each field. The fields are: Username (admin), Password (masked with asterisks), E-mail (khancreationsvfx@gmail.com), Phone (+91-8511559868), Company Name (Tawfiq Al-Basri Trading Est), VAT Number (CAA10230303), CR Number (CW201103232), Website (www.dlsldlddd.com), Address (c0392-bkef street, k3ir443 e0rfkgf), City (Dammam), Pincode (390012), and Country (Saudi Arabia). Below the table, there are fields for Start Date, End Date, and a User Status dropdown menu (currently set to 'ENABLED'). There are 'Save' and 'Exit' buttons at the bottom right. The 'Save' button has a keyboard shortcut 'CTRL + S' and the 'Exit' button has 'Esc'.

CTRL + S Esc

Here the admin can edit the user settings for the users of Al Jabr Software

NOTE: Properly Align START DATE & END DATE, and USER STATUS options

USER STATUS option = Drop down > 1. ENABLED, 2. DISABLED

ENABLED means the user account is activated

DISABLED means the user account is deactivated

ONE MORE IMPORTANT ADDITION:

We will also need you to add the option or stat of - "CURRENT DATA USAGE" at the end of all options
For eg. CURRENT DATA USAGE : 2.60 GB

Meaning - This is the current data/storage used by that particular user from our server storage.
